

The Military Produce Group (MPG) was established in 1998, beginning with the creation of Hampton Roads Produce in Norfolk, Virginia. In later years, Midsouth Produce (Birmingham, AL) and Sea Island Produce (Savannah, GA) joined our conglomeration of partners that became Military Produce group as it is now.

We are the premier provider of fresh fruits, vegetables and plants to the commissaries in the eastern part of the United States and to select overseas commissaries. We provide the highest quality of produce available and guarantee low prices and healthy solutions to our military families. Our mission is to remain quality focused, service driven, and patron inspired.

MPG operates six distribution centers, servicing ninety-three stores in the eastern half of the United States. With fifty-six power units, sixty-seven refrigerated trailers and a sizable amount of straight trucks, MPG has the Commissary's produce needs covered.

With an excellent Federal Motor Carrier Safety Administration score under the Department of Transportation, MPG runs approximately six million miles per year and is dedicated to preserving our environment. We are an active participant and supporter of the Environmental Protection Agency's SmartWay Transport Partnership to improve fuel efficiency and reduce greenhouse gas emissions.

Safety is our first and foremost our goal when transporting goods to and from our facilities. Newly hired drivers will be assigned and trained thoroughly by an experienced driver to standard to ensure that they are able to deliver and/or pickup product on their own. We absolutely leave no driver behind during this process.

Our vehicles are maintained up to standard with Electronic Logging Devices (ELD's) and are regularly maintained to stay in compliance within the Department of Transportation regulations. All tractors are fully automatic with the latest technology to help operations run smoother. Ninety percent of our driver force are home daily and the other 10% are away between 28-30hrs which makes for a good work/life balance. We are veteran friendly as nearly 30% of our driver force are veterans from one of the five branches of service.

We also have great benefits after the first 90 days to include Health, Dental, Vision, 401K as well as Paid Time Off and Holiday Pay. Vacation is eligible after 1 year of employment. We also have incentives for our drivers such as Driver of the Month and Birthday Recognition payout as well as flawless DOT inspection payout.
